

14 February 1955

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Atomic Tests in Nevada

Admiral Strauss has invited the members of the OCB to attend one of the test atomic shots in Nevada. Four shots were selected for observation. The schedule of future shots calls for leaving Washington on Sunday morning, February 20, February 27 or April 3 and returning to Washington on Friday. This schedule applies to official transportation which will be provided.

A copy of Admiral Strauss' letter together with information regarding the tests and application forms are attached. Arrangements are to be made directly with the AEC.
